

Penguin

Our friendly penguin is an adaptable canvas - fabulous for showing off imaginative designs or decorating as a school mascot.

The penguin can enhance learning about the environment and global warming, oceanography or citizenship and PSHE.

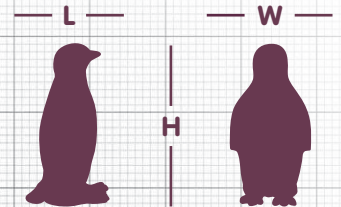

Why not create a penguin colony to bring a real sense of community to your school?

Penguin (large)
H 1530mm L 800mm W 940mm
Weight: 40kg

Penguin (medium)
H 915mm L 520mm W 500mm
Weight: 10kg

Mr I. C. Touch was created by the pupils of St Vincent's School for Blind and Partially Sighted Children. They thought about the Antarctic environment and imagined how it might feel if they were to visit. Using icy textures and cold colours, they used glass beads to form a message in Braille on its front.
